## Advertising & Media

The Advertising, Media, Graphic Art and Web businesses have changed dramatically over the last few years with advances in technology, equipment and communication. Kings continue to support this ever changing arena. We ensure that trained staff are available who understand that providing both documents and images in a professional format is key. Whether you produce bespoke presentations or standard layouts through to flat plans, or creative artwork and specialist digital print production, Kings can provide some very special people for you.

The desire for **colour presentations and one to one personalisation** has grown immensely and this along with bespoke finishing techniques to ensure that your presentations will stand out from the crowd is what we want to provide to your own Clients, let Kings help you to deliver this.

Whatever your design teams require, our staff will produce it, or if really "wacky" will find a way of giving you what you want.

Call us now to fulfil your Temporary, Contract and Permanent staffing needs, alternatively email us.
