& IT Recruitment

Insurance

This industry produces many different product lines from Marketing Literature, Statements and Renewal Policies. With this in mind a full range of document production staff can be supplied by Kings, the specialist in this field. For large run laser printing we supply Analysts with extensive knowledge of software applications including MatchIt, Doc1, Cygnus, PReS and PrintNet.

Production staff on all ranges of Laser and Reprographic machines are available for Temporary, Fixed Contract and Permanent work. A full range of mailing machine operators are also available to ensure your documents are ready for dispatch on time.

For larger projects, teams of trained operators can be sent anywhere within the UK to ensure "green field sites" and one-off projects are run with smooth professionalism. Recruitment campaigns are run by Kings Consultants, who understand the equipment as well as industry requirements.

So whether you require temporary, contract or permanent support – try Kings before you go anywhere else.
